

ADJUSTABLE WAVE ABSORBING DOCK LINES

These lines not only match your boat color but also:

- Help pull your boat to the dock for easier loading and unloading
- Allow for give when tides go up and down
- Absorb incoming wakes and waves so boat cleats don't get pummeled
- Can use clip at end to attach to buoys or other things

Technical:

- 16 inch unstretched line stretches to 48 inches (4ft) plus an additional 20 feet of adjustable line
- Adjusts from 24 feet to 16 inches not including the end loops
- Large 12 inch long end loops allow easy connect, disconnect from boat and dock cleats
- Each end has flotation foam just in case you accidentally drop it in the water!
- 7 colors – Yellow, Red, Lime Green, Blue, Purple, Grey, and Black
- Sleeve material made of polypropylene – the same material most life jackets are made of
- Elastic material is the same material spear guns are made of

Part Number	Color	Part Number	Color
ADL16M-BK	BLACK	ADL16M-GY	GREY
ADL16M-LG	LIME GREEN	ADL16M-YW	YELLOW
ADL16M-BRD	RED	ADL16M-PP	PURPLE
ADL16M-BL	BLUE		

Do you make your buddy jump on and try to stop your boat before the boat slams into the dock slip? Wouldn't you rather guide it in more easily?

Do you ever try to dock your boat and the cleats aren't in the best place to secure your docking lines?

With the Adjustable, Long Line, Dock Shox you can center your boat by yourself in a slip. You can also easily secure your boat if the dock cleats are not where you expected them to be. You can also secure 4 corners of your boat temporarily but securely in the slip while also allowing for tides, waves, and wakes to move up and down.
